VoxTube 700

- Always store the **VoxTube 700** with the power off and safely protected.
- Avoid storage at extreme temperatures (above 45°C or below -10°C).This can shorten battery life and may affect operation.
- Do not expose the **VoxTube 700** to rain or other liquids.

Notes on Environmental Protection

After the implementation of the European Directive 2002/96/EU in the national legal system, the following applies: Electrical and electronic devices must not be disposed of with domestic waste. Consumers are obliged by law to return electrical and electronic devices at the end of their service lives to the public collection points that are set up for this purpose or designated points of sale.

However, such details are defined by the national law of the respective country. This symbol on the product, the instruction manual or the packaging indicates that the product is subject to these regulations.

By recycling, reusing the materials, or other forms of utilizing old devices, you are making an important contribution in protecting our environment.

WARRANTY CARD

Limited Warranty

Thank you for your purchase of MIPOW's product. MIPOW warrants that the product is at the time of its original purchase free of defects in workmanship and material. This Limited Warranty for the product shall last for twelve(12)months from the date of original purchase. This original warranty card and original invoice must be presented at the time you require warranty service or such warranty will be voided.

This limited warranty is valid only if the product is used for the purpose for which it was designed. It does not apply to damage or loss caused by negligence; physical abuse; misuse; accident; exposure to moisture; dampness or extreme thermal; unauthorized modifications; unauthorized opening or repair; forces of nature; or other actions beyond the reasonable control of MIPOW. In case of when the warranty does not apply, a repair or replacement charge will be incurred. The customer shall be responsible for sending the defective product to and collecting the repaired or replaced product from the service center.

NB: MIPOW reserves the right to interpret the terms and conditions contained herein; and the right for any changes without prior notice.

FCC STATEMENT

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio and television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio / TV technician for help.
